Emergency Medical Services, more commonly known as EMS, is a system that provides emergency medical care. Once activated by an incident that causes serious illness or injury, the

Emergency Medical Services Plan - Connecticut

In the United States, emergency medical services (EMS) provide out-of-hospital acute medical care and/or transport to definitive care for those in need. They are regulated at the most basic level by the federal government, which sets the minimum standards that all states' EMS providers must meet, and regulated more strictly by individual state governments, which often require higher standards ...
